DOCUMENT INSPECTION AND COPYING POLICY

STATE OF TEXAS

§

KNOW ALL PERSONS BY THESE PRESENTS:

COUNTY OF COLLIN

§

WHEREAS the HR Homeowner's Association, Inc. (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declaration of Covenants, Conditions & Restrictions for a Hickory Ridge, filed for record on January 8, 2002 at Document Number 20020108000036990 of the Official Public Records of Collin County, Texas (referred to as the "Declaration"); and

WHEREAS Chapter 209 of the Texas Property Code was amended to amend Section 209.005 ("Section 209.005") thereto regarding owner access to Association documents and records ("Records"); and

WHEREAS, the Board of Directors ("Board") of the Association desires to establish a policy for records production consistent with Section 209.005 and to provide clear and definitive guidance to property owners.

NOW, THEREFORE, the Board has duly adopted the following *Documents Inspection and Copying Policy*.

1. The Association's books and records available for inspection and copying by owners are those records designated by Section 209.005 of the Texas Property Code. Pursuant to Section 209.005(d) of the Texas Property Code, an attorney's files relating to the Association, excluding invoices, are not records of the Association, are not subject to inspection by owners, or production in a legal proceeding. Further, pursuant to Section 209.005(k), the Association is not required to release or allow inspection of any books and records relating to an employee of the Association, or any books and records that identify the violation history, contact information (other than the address and/or financial information of an individual owner) absent the express written approval of the owner whose information is the subject of the request or a court order requiring disclosure of such information.
2. Every owner of a lot in the Association is entitled to inspect and copy the Association's books and records in compliance with the procedures set forth in this Policy. An owner may submit a designation in writing, signed by the owner, specifying such other individuals who are authorized to inspect the Association's books and records as the owner's agent, attorney, or certified public accountant. The owner and/or the owner's designated representative are referred to herein as the "Requesting Party."
3. The Requesting Party seeking to inspect or copy the Association's books and records must submit a written request via certified mail to the Association at the mailing address of the Association or its managing agent as reflected on the Association's

current management certificate. The request must contain sufficient detail describing the requested Association's books and records, including pertinent dates, time periods or subjects sought to be inspected. The request must also specify whether the Requesting Party seeks to inspect the books and records before obtaining copies or to have the Association forward copies of the requested books and records to the Requesting Party.

4. If the Requesting Party elects to inspect the Association's books and records, the Association shall notify the Requesting Party within ten (10) business days after receiving the Requesting Party's request of the dates during normal business hours that the Requesting Party may inspect the requested books and records (the "Inspection Notice").

If the Requesting Party requests copies of the Association's books and records, the Association shall produce the requested books and records by the 10th business day after the date the Association receives the request.

If the Association is unable to produce the requested books and records by the 10th business day after the date the Association receives the request, the Association must provide written notice to the Requesting Party (the "Inspection Delay Letter") that (1) the Association is unable to produce the information by the 10th business day after the date the Association received the request, and (2) state a date by which the information will be either sent or made available for inspection that is not later than fifteen (15) days after the date of the Inspection Delay Letter.

5. Any inspection shall take place at a mutually-agreed upon time during normal business hours. All inspections shall take place at the office of the Association's management company or such other location as the Association designates. No Requesting Party or other individual shall remove original records from the location where the inspection is taking place, nor alter the records in any way. All individuals inspecting or requesting copies of records shall conduct themselves in a businesslike manner and shall not interfere with the operation of the Association's or management company's office or the operation of any other office where the inspection or copying is taking place.

At such inspection, the Requesting Party may identify such books and records for the Association to copy and forward to the Requesting Party. The Association may produce all requested books and records in hard copy, electronic, or other format reasonably available to the Association.

6. Costs Associated with Compilation, Production and Reproduction. The costs associated with compiling, producing and reproducing the Association's books and records in response to a request to inspect or copy documents shall be as follows:
 - a. Copy charges.
 - i. Standard paper copy. The charge for standard paper copies reproduced by means of an office machine copier or a computer printer is \$0.10 per page

or part of a page. Each side that contains recorded information is considered a page.

- ii. Nonstandard copy. The charges in this subsection are to cover the materials onto which information is copied and do not reflect any additional charges, including labor, that may be associated with a particular request. The charges for nonstandard copies are:
 1. Diskette--\$ 1.00;
 2. Magnetic tape--actual cost
 3. Data cartridge--actual cost;
 4. Tape cartridge--actual cost;
 5. Rewritable CD (CD-RW)--\$ 1.00;
 6. Non-rewritable CD (CD-R)--\$ 1.00;
 7. Digital video disc (DVD)--\$ 3.00;
 8. JAZ drive--actual cost;
 9. Other electronic media--actual cost;
 10. VHS video cassette--\$ 2.50;
 11. Audio cassette--\$ 1.00;
 12. Oversize paper copy (e.g.: 11 inches by 17 inches, greenbar, bluebar, not including maps and photographs using specialty paper)--\$0.50;
 13. Specialty paper (e.g.: Mylar, blueprint, blueline, map, photographic)--actual cost.
- b. Labor charge for locating, compiling, manipulating data, and reproducing information.
 - i. The charge for labor costs incurred in processing a request for information is \$15.00 an hour. The labor charge includes the actual time to locate, compile, manipulate data, and reproduce the requested information.
 - ii. When confidential information is mixed with non-confidential information in the same page, a labor charge may be recovered for time spent to redact, blackout, or otherwise obscure confidential information in order to release the information. A labor charge shall not be made for redacting confidential information for requests of fifty (50) or fewer pages.
 - iii. If the charge for providing a copy of information includes costs of labor, the Requesting Party may require that the Association provide a written statement as to the amount of time that was required to produce and provide the copy, signed by an officer of

the Association. A charge may not be imposed for providing the written statement to the requestor.

- c. Overhead charge.
 - i. Whenever any labor charge is applicable to a request, the Association may include in the charges direct and indirect costs, in addition to the specific labor charge. This overhead charge would cover such costs as depreciation of capital assets, rent, maintenance and repair, utilities, and administrative overhead. If the Association chooses to recover such costs, a charge shall be made in accordance with the methodology described in paragraph (3) of this subsection. Although an exact calculation of costs will vary, the use of a standard charge will avoid complication in calculating such costs and will provide uniformity for charges.
 - ii. An overhead charge shall not be made for requests for copies of fifty (50) or fewer pages of standard paper records.
 - iii. The overhead charge shall be computed at twenty percent (20%) of the charge made to cover any labor costs associated with a particular request (example: if one hour of labor is used for a particular request, the formula would be as follows: Labor charge for locating, compiling, and reproducing, \$15.00 x .20 = \$ 3.00).
- d. Postal and shipping charges. The Association may add any related postal or shipping expenses which are necessary to transmit the reproduced information to the Requesting Party.

7. Payment. Upon receipt of a request to inspect and/or copy documents, the Association may require the Requesting Party to pay the estimated costs associated with production and copying in advance. If the estimated cost of compilation, production and reproduction is different from the actual cost, the Association shall submit a final invoice to the owner on or before the 30th business day after the Association has produced and/or delivered the requested information. If the actual cost is greater than the estimated amount, the owner must pay the difference to the Association within thirty (30) business days after the date the invoice is sent to the owner, or the Association will add such additional charges as an assessment against the owner's property in the Association. If the actual cost is less than the estimated amount, the Association shall issue a refund to the owner within thirty (30) business days after the date the invoice is sent to the owner.

FURTHERMORE, this Policy is effective upon recordation in the Public Records of Collin County, and supersedes any policy regarding records production which may have previously been in effect. Except as affected by Section 209.005 and/or by this Policy, all other provisions contained in the Declaration or any other dedicatory instrument of the Association shall remain in full force and effect.

This is to certify that the foregoing Policy was adopted by the Board at a meeting of the same held 10/20/11, and has not been modified, rescinded or revoked.

§

WHEREAS the HR Homeowner's Association, Inc. (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declaration of Covenants, Conditions & Restrictions for a Hickory Ridge, filed for record on January 8, 2002 at Document Number 20020108000036990 of the Official Public Records of Collin County, Texas (referred to as the "Declaration"); and

NOW, THEREFORE, in order to comply with the procedures set forth by Chapter 209 of the Texas Residential Property Owners Protection Act, the following procedures and practices are established for the payment plan policy for the Association.

1. Purpose. The purpose of this Policy is to assist Owners in remedying delinquencies and remaining current on the payment of amounts owed to the Association by establishing orderly procedures by which Owners may make partial payments to the Association for amounts owed without accruing additional penalties.

2. Eligibility. To be eligible for a payment plan pursuant to the Association's alternate payment plan schedule, an Owner must meet the following criteria:

- a) The owner must currently be delinquent in the payment of regular assessments, special assessments, or any other amounts owed to the Association;
- b) The Owner must not have defaulted on a prior payment plan within the prior two year period; and
- c) The Owner must submit a signed payment plan as defined below, along with the Owner's initial payment to the address designated by the Association for correspondence.

3. Payment Plan Schedule/Guidelines. The Association hereby adopts the following alternate payment guidelines and makes the following payment plan schedule available to owners in order to make partial payments for delinquent amounts owed:

- a) Requirements of Payment Plan Request. Within 30 days of the date of the initial letter which informs the owner of the availability of a payment plan, an owner must submit a signed acceptance of the payment plan schedule described below to the Association's management company.
- b) Term. The term of the payment plan or schedule is six (6) months.

ATTACHMENT "5"

- e) Date of Partial Payments under Plan. The Owner must submit the first monthly installment payment under the plan a within the same timeframe as the submission of the Owner's payment plan agreement which must be signed by the Owner. The initial payment must be in an amount equal to twenty-five percent (25%) of the delinquent amount owed. The Owner must make all additional monthly installments under the payment plan in equal amounts so that the payments are received by the Association no later than the first (1st) day of each month. The Owner may pay off, in full, the balance under the payment plan at any time. All payments must be received by the Association at the Association's designated mailing address or lock box for all payments. Payments may be made through auto draft bill payment, in check or certified funds, or by credit card (to the extent the Association is set up to receive payment by credit card).
- d) Correspondence. Any correspondence to the Association regarding the amount owed, the payment plan, or such similar correspondence must be sent to the address designated by the Association for correspondence. Such correspondence shall not be included with an Owner's payment.
- e) Amounts Coming Due During Plan. Owners are responsible for remaining current on all assessments and other charges coming due during the duration of the Owner's payment plan and must, therefore, timely submit payment to the Association for any amounts coming due during the duration of the Owner's payment plan.
- i) Additional Charges. An Owner's balance owed to the Association shall not accrue late fees or other monetary penalties (except interest) while such Owner is in compliance with a payment plan under the Association's alternate payment plan schedule. Owners in a payment plan are responsible for reasonable costs associated with administering the plan, and for interest on the unpaid balance, calculated at the highest rate allowed by the governing documents or by law. The costs of administering the plan and interest shall be included in calculating the total amount owed under the payment plan and will be included in the payment obligation. The costs of administering the payment plan may include a reasonable charge for preparation and creation of the plan, as well as a monthly monitoring fee of no less than \$5.00 per month.
- g) Other Payment Arrangements. At the discretion of the Board of Directors, and only for good cause demonstrated by an Owner, the Association may accept payment arrangements offered by Owners which are different from the above-cited guidelines, provided that the term of payments is no less than three (3) months nor larger than eighteen (18) months. The Association's acceptance of payment arrangements that are different from the approved payment plan schedule/guidelines hereunder shall not be construed as a waiver of these guidelines nor authorize an owner to be granted a payment plan which differs from the one herein provided.

4. Default. If an Owner fails to timely submit payment in full of any installment payment (which installment payment must include the principal owed, the administration fees assessed to the plan and interest charges), or fails to timely pay any amount coming due during the duration of the plan, the Owner will be in default. If an Owner defaults under a payment plan, the Association may proceed with collection activity without further notice. If the Association elects to provide a notice of default, the Owner will be responsible for all fees and costs associated with the drafting and sending of such notice. In addition, the Owner is hereby on notice that he/she will be responsible for any and all costs, including attorney's fees, of any additional collection action which the Association pursues.

5. Board Discretion. Any Owner who is not eligible for a payment plan under the Association's alternate payment plan schedule may submit a written request to the Board for the Association to grant the Owner an alternate payment plan. Any such request must be directed to the person or entity currently handling the collection of the Owner's debt (i.e. the Association's management company or the Association's attorney). The decision to grant or deny an alternate payment plan, and the terms and conditions for any such plan, will be at the sole discretion of the Association's Board of Directors.

7. Severability and Legal Interpretation. In the event that any provision herein shall be determined by a court with jurisdiction to be invalid or unenforceable in any respect, such determination shall not affect the validity or enforceability of any other provision, and this Policy shall be enforced as if such provision did not exist. Furthermore, the purpose of this policy is to satisfy the legal requirements of Section 209.0062 of the Texas Property Code. In the event that any provision of this Policy is deemed by a court with jurisdiction to be ambiguous or in contradiction with any law, this Policy and any such provision shall be interpreted in a manner that complies with an interpretation that is consistent with the law.

FURTHERMORE, this Payment Plan Policy is effective upon recordation in the Public Records of Collin County, and will remain in effect until revoked, modified or amended.

This is to certify that the foregoing Policy was adopted by the Board at a meeting of the same held 10/26/11, and has not been modified, rescinded or revoked.

WHEREAS the HR Homeowner's Association, Inc. WHEREAS the Texas Legislature passed House Bill 362 which amends Chapter 202 of the Texas Property Code to add Section 202.010 thereto dealing with the regulation of solar energy devices; and

WHEREAS, the Board of Directors ("Board") of the Association has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding solar energy devices therein, it is appropriate for the Association to adopt guidelines regarding solar energy devices within the community.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Solar Energy Devices* within the community.

1. These guidelines apply to solar energy devices ("Devices") as defined in Section 171.107(a) of the Texas Tax Code. A solar energy device means a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power by collecting and transferring solar-generated energy. The term includes a mechanical or chemical device that has the ability to store solar-generated energy for use in heating or cooling or in the production of power.
2. Such Devices may be installed with advance approval of the Association, subject to these guidelines.
3. Any such Devices must be installed on land or structures owned by the property owner. No portion of the Devices may encroach on adjacent properties or common areas.
4. Such Devices may only be installed in the following locations:
 - a. on the roof of the main residential dwelling on an owner's property; or
 - b. on the roof of any other approved structure; or
 - c. within a fenced yard or patio.
5. For Devices mounted on a roof, the Devices must:
 - a. have no portion of the Devices higher than the roof section to which it is attached; and

- b. have no portion of the Devices extend beyond the perimeter boundary of the roof section to which it is attached; and
 - c. conform to the slope of the roof; and
 - d. be aligned so that the top edge of the Devices is parallel to the roof ridge line for the roof section to which it is attached; and
 - e. have a frame, brackets, and visible piping or wiring that is a color that matches the roof shingles or a silver, bronze or black tone commonly available in the marketplace; and
 - f. be located in a position on the roof which is least visible from any street or common area which does not reduce estimated annual energy production more than ten percent (10%), as determined by a publically available modeling tool provided by the National Renewable Energy Laboratory (www.nrel.gov) or equivalent entity over alternative roof locations.
6. For Devices located in a fenced yard or patio, no portion of the Devices may extend above the fence. If the fence is not a solid fence which blocks view of the Devices, the Association may require the Devices be placed in a location behind a structure or otherwise require visual screening. The Association may consider installation of Devices on properties without a fenced yard if there is adequate screening from public view from any street or common area.
7. All Devices must be installed in compliance with manufacturer's instruction and in a manner which does not void material warranties. Licensed craftsmen must be used where required by law. Permits must be obtained where required by law.
8. Installed Devices may not:
- a. threaten public health or safety; or
 - b. violate any law; or
 - c. substantially interfere with the use and enjoyment of land by causing unreasonable discomfort or annoyance to any adjoining property owner or resident of ordinary sensibilities.
9. All Devices must be maintained in good repair. Unused or inoperable Devices must be removed if they can be seen from any street or common area.

FURTHERMORE, these guidelines are effective upon recordation in the Public Records of Collin County, and will remain in effect until revoked, modified or amended.

This is to certify that the foregoing Policy was adopted by the Board at a meeting of the same held 10/20/11, and has not been modified, rescinded or revoked.

HICKORY RIDGE GUIDELINES FOR THE USE OF DROUGHT-RESISTANT LANDSCAPING AND/OR WATER-CONSERVING NATURAL TURF

STATE OF TEXAS §
COUNTY OF COLLIN §

WHEREAS, Hickory Ridge Homeowners Association (the "Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the Real Property Records of Collin County, Texas, originally filed of record on January 8, 2002 as Instrument Number 20020003699, as such may be amended and/or supplemented from time to time; and

WHEREAS, Chapter 202, Section 202.007 of the Texas Property Code was amended to provide for the use of drought-resistant landscaping and/or water-conserving natural turf; and

WHEREAS, the Board of Directors of the Association (the "Board"), as permitted by Property Code Section 202.007, has determined that in connection with maintaining the aesthetics of the community, and to provide clear and definitive guidance regarding the use of drought-resistant landscaping and/or water-conserving natural turf, it is appropriate for the Association to adopt guidelines regarding drought-resistant landscaping and/or water-conserving natural turf within the community.

NOW, THEREFORE, the Board hereby adopts the following Guidelines for the use of drought-resistant landscaping and/or water-conserving natural turf within the Hickory Ridge community, and a property owner may use and install drought-resistant landscaping and/or water-conserving natural turf that promotes water conservation, subject to these guidelines:

1. A detailed description or plan for the installation of drought-resistant landscaping and/or water-conserving natural turf must be submitted to the Association's Architectural Review Committee ("ARC"), or to the Board if no ARC exists, for review and approval in writing prior to the installation of any drought-resistant landscaping and/or water-conserving natural turf to ensure, to the extent practicable, maximum aesthetic compatibility with other landscaping in the Hickory Ridge community.
2. The Association may regulate a property owners' use of gravel, rocks, mulch, and/or cacti in a drought-resistant landscaping and/or water-conserving natural turf plan.
3. Drought-resistant landscaping and/or water-conserving turf may be installed on land owned or maintained by the property owner, but no portion of the drought-resistant landscaping or water-conserving turf may be placed upon or encroach upon on adjacent properties or common areas, or upon property that is owned by the Association.
4. In addition to an owner's individual maintenance responsibilities, all areas in which drought-resistant landscaping and/or water-conserving natural turf are used must be maintained at all times by individual owners, and are subject to the same maintenance requirements for the community/landscape standards.

5. Non-turf areas can contain rock, mulch, paver stones, flagstones, and pebbles; however, if such items are incorporated into landscaping plan, there must be at least one shrub, bush, or tree used every four (4) feet, unless otherwise expressly approved by the ARC or Board.
6. Saguaro cacti and similar-type cacti are prohibited within the Hickory Ridge community.
7. Any type of cacti which the Board feels will present a danger to persons, animals, or the community at large will be prohibited.
8. Turf or grass areas must be clearly defined from areas of drought-resistant landscaping or water-conserving natural turf areas by the use of property staked edging, and/or masonry stones/pavers. Weed Barrier/Fabric to prevent weed growth must not be visible.
9. Weeds remain prohibited in areas of use of drought-resistant landscaping and/or water-conserving natural turf.
10. This Policy is effective upon recordation in the Public Records of Collin County, Texas and supersedes any policy regarding xeriscaping which may have previously been in effect. Except as affected by Section 202.007 of the Texas Property Code and/or by this Policy, all other provisions contained in the Declaration or any other dedicatory instrument of the Association shall remain in full force and effect.
