

Architectural Control Committee Submittal and Review Process

Following are the Review Procedures that each homeowner and the Architectural Control Committee shall adhere to regarding any changes and / or improvements within residential properties within Hickory Ridge.

Please note that an Architectural Control Approval form is not required when performing routine landscape maintenance to your property, such as planting flowers, trimming bushes, etc.

Under no circumstances does approval by the Homeowners Association indicate full authorization. In addition, it may be necessary to obtain building permits and structural approval as required by the city of Plano and / or Collin County, please verify this with the City Code Enforcement Division prior to beginning any work. All improvements are subject to local building regulations and restrictions of record. If a homeowner proceeds without all necessary approvals, he / she may be subject to legal proceedings as well as having to remove all unauthorized improvements. Currently the list of improvements that require a City permit are:
